5 years ago

To fight the increasing number of worldwide terrorist groups and psychopaths

the confederation proposed to have 242 countries hold hands and establishing an organization of geniuses.

with at least a score of 180 IQ, with unique skills

This is "SI", also known as the "Special crime Investigation"

At first, it does seem to be similar to the FBI. However,the FBI's jurisdiction in a crime

is only arressing the criminals

if they don't exercise their authority then there will be no one to judge against crimes

There is only one reason why they are given this huge authority

Within 5 years, the SI took care of 497,578 cases

with the success rate of 99.9%

Damn it! What's going on?!!!
Ijson, what.. is that?
Kidnapped!! Did you get kidnapped?
What should I do? Should I contact the police?
No, even if I contacted them the call was only a few seconds long and I can't use it.
Damn it! What am I supposed to do..?!!
I'm still here, panicking while Ijson
...is.. No..
Freaking over this won't solve the problem.
Now...
Now...
knowing where she is it is the most important
THUMPS
Try to remember... the place that she was at..

an aged, old building... through the windows there was a tree, and there was tall grass too.

Is she in the mountains?

...No.

She left at 4pm

She called me at 4:22

In the neighborhood, the closest mountain is

at least 40 minutes away. It can't be the mountains

Within 22 minutes, an old building that can be reached by car-

Does this neighborhood even have that kind of place-!?

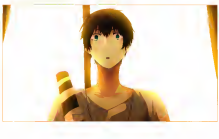
Ah, no. I can't think of any...

The places I'm thinking of in my head has a limit so it's unreasonable.

Then, I'll do it by drawing...?

No...

Not that!!
Breathe... Don't panic...
There's not enough time so I have to calm down...
Focus...Focus Harjase...
—!



SKETCH

It began somewhere in this area
Slowly expand the range
Skip the places I've not been before.
A place that can be reached by car in 22 minutes

Wait. 22 minutes?

That's weird... Being kidnapped, heading to a place, and to capture a video call

To get ready in that time...

If that all took 10 minutes, in other than 22 minutes maybe it's 12 minutes?

Which means that the range is a lot shorter..!

NOW...

ONE YIN COULD FIGHT, BUT WITH ONLY THOSE ANTS?

THE TEST HAS BEGUN
